DESCRIPTION

After extensive study to overcome the problem of sexual disorders. It is a unique combination of traditional herbs used to treat sexual debility and highly researched-based herbs of modern era that are proven to be vastly effective in sexual malfunctions. Vigor™ Plus by virtue of its distinctive formulation, assists males in combating against Erectile Dysfunction & Premature Ejaculation. It will help those who are unable to perform Sexual act because of the Decreased Libido, Erectile Dysfunction and Premature Ejaculation. Vigor™ Plus not only combats sexual dysfunctions but also maintains a healthy sexual life and increases the time of ejaculation & erection.

Vigor™ Plus exerts its exceptionally potent effect by following mechanisms:

- Vigor™ Plus releases Testosterone
- Vigor™ Plus increases blood circulation to the genitals
- Vigor™ Plus eliminates stress and anxiety
- Vigor™ Plus strengthens the sexual glands
- Vigor™ Plus supports the production of the sex hormones & sperms
- Vigor™ Plus increases stamina and sex drive
- Vigor™ Plus acts as a restorative nutrient for the nervous system

MAJOR PROPERTIES OF INGREDIENTS:

Tribulus Terrestris:

This ingredient has been shown in clinical studies to restore and improve libido (sex drive) in men. helps in ejaculation delay thus prolonging the duration of the erection. It has been used for centuries for hormone insufficiency in men. It increases circulation of blood in muscle.

Anacyclus pyrethrum extracts:

Anacyclus pyrethrum may enhance male reproductive health by improving libido, sperm quality, and testosterone levels, while also providing antioxidant and anti-inflammatory benefits.

Mucuna Pruriens:

Mucuna pruriens improves testosterone and semen volume, concentration and count per ejaculate. Traditionally, the powdered seeds of M. pruriens were found to increase the general mating behavior and thereby sexual activity.

Withania somnifera:

It strengthens the nervous system and reproductive hormones. It counteracts anxiety and stress to promote a calm state of mind. It has the ability to increase vitality, energy, sexual endurance and stamina. It promotes longevity and strengthens the immune system.

Yohimbe bark extracts:

It increases the blood flow towards genitals which is essential for strong erection. It is a potent alpha-2- adrenoceptor blocker, which is an effective treatment of sexual dysfunction caused due to SSRIs. Because of its mild analgesic effect. It increases the time of ejaculation & erection. A number of clinical trials have proven this unique effect of Yohimbine.

Asparagus adscendens:

Asparagus is known to increase sperm count. Traditionally, it has been used as a rejuvenation remedy and it is believed to have aphrodisiac properties that can increase libido. Additionally, it is thought to support hormonal balance, contributing to overall fertility.

Epimedium Icariin extracts:

It may improve libido, boost testosterone levels, and enhance erectile function. Additionally, icariin has been shown to potentially improve sperm quality and motility.

Asphaltum punjabianum extracts:

Asphaltum punjabianum is often used to enhance male reproductive health by improving sperm count and motility. It may also support libido and overall sexual function.
